

The SAGE National Resource Center on LGBTQ+ Aging has been working with Area Agencies on Aging to support the inclusion of older LGBTQ+ people in outreach and services for the past 20 years. These efforts were strengthened by the inclusion of LGBTQ+ communities in the 2020 Reauthorization of the Older Americans Act (OAA) and subsequent guidance from the Administration for Community Living (ACL). Join this webinar for a discussion panel and Q&A on LGBTQ+ aging, successful planning strategies, and actions AAAs can take to create welcoming and inclusive aging services for LGBTQ+ elders as outlined in the OAA. This webinar will feature speakers from ACL, Age Options, Aging Ahead, Centralina Area Agency on Aging, Pikes Peak Area Council of Governments, and SAGE and will be held on January 17, 2023 from 3:00-4:15pm.
